## Esther's Negotiations Update

Your Negotiation Committee met with Esthers' Management Wednesday May 12<sup>th</sup> and Thursday May 13<sup>th</sup>. We have continued to work through the Contract Language and have reached agreement on most items. The outstanding issues are Wages and Term. We are awaiting some dates in June to resume talks. We will update this notice when we have the dates. Please be patient while we work through this first negotiated settlement and with your Support we will have a contract to go forward with.

Sincerely,

**PPWC Local 9**
